Which provider should I see?

Sometimes it may be difficult to decide if a sudden illness or injury needs immediate emergency care. Choosing the right health setting - Primary Care Physician, Urgent Care, or Emergency Room is important; knowing which provider to see, depending on the medical situation, can save you time and money.

Primary Care Physician

When you or a loved one is hurt, you want the best care. Your primary care physician knows you and your health history. He or she can access your medical records. And, he or she can provide you follow-up care or refer you to specialists. If it's not urgent, it's usually best to go to your own physician's office.

Urgent Care

Sometimes you may need care fast. But, your Primary Care Physician may be unavailable. You may want to try an urgent care center. They can treat many minor ailments. Chances are, you won't have to wait as long as at an emergency room. You may pay less, too.

An urgent care center can help with:

- Sprains & Strains
- Minor broken bones (example: finger)
- Minor infections
- Small cuts
- Sore throats
- Rashes

Emergency Rooms

You may be tempted to go to an emergency room (ER). But, this may not be the best choice. At the ER, true emergencies are treated first. Other cases must wait--sometimes for hours. And, it may cost you more.

Go to an ER for:

- Heavy bleeding
- Large open wounds
- Sudden change in vision
- Chest pain
- Sudden weakness or trouble talking
- Major burns
- Severe head and spinal injuries
- Difficulty breathing
- Major broken bones

Definitions

Below, you will find a definition of what's considered a medical emergency for the purpose of plan benefits in addition to other relevant terms that will help you navigate your benefit plan.

ANCILLARY CHARGE means a charge, in addition to the Copayment and/or Coinsurance, that the Covered Person is required to pay when a covered Prescription Drug Product is dispensed at the Covered Person's or the Physician's request, when a Chemically Equivalent Prescription Drug Product is available on a lower tier. For Prescription Drug Products from Network Pharmacies, the Ancillary Charge is calculated as the difference between the Prescription Drug Cost or MAC list price for Network Pharmacies for the Prescription Drug Product on the higher tier, and the Prescription Drug Cost or MAC list price of the Chemically Equivalent Prescription Drug Product available on the lower tier.

BENEFITS means Plan payments for Covered Medical Expenses, subject to the terms and conditions of the Plan and any Addendums and/or Amendments.

CLAIMS ADMINISTRATOR OR ADMINISTRATOR means United HealthCare Services, Inc., and its affiliates, which provide certain claim administration services for the Plan.

COINSURANCE means the percentage of Covered Medical Expenses that you must pay.

COPAY/COPAYMENT means a specified dollar amount that the Covered Person is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the Plan includes Preferred Provider Benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum Benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the Plan; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any other section of this Plan as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any Benefit is made. The deductible will apply as specified in the Schedule of Benefits.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Plan Sponsor to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home. Hospital also means a licensed alcohol and drug abuse rehabilitation facility and a mental hospital. Alcohol rehabilitation facilities and mental hospitals are not required to provide organized facilities for major surgery on the premises or on a prearranged basis.

- 2) unrelated to any pathological, functional, or structural disorder.
- 3) a source of loss.
- 4) treated by a Physician within 30 days after the date of accident.
- 5) sustained while the Covered Person is covered under this Plan.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this Plan's Effective Date will be considered a Sickness under this Plan.

MEDICAL EMERGENCY means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a reasonable person could believe this condition would result in any of the following:

- 1) Death.
- 2) Placement of the Covered Person's health in jeopardy.
- 3) Serious impairment of bodily functions.
- 4) Serious dysfunction of any body organ or part.
- 5) In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

NETWORK AREA means the 50 mile radius around the local school campus the Covered Person is attending.

OUT OF NETWORK means those providers who have not agreed to any prearranged fee schedules. Covered Persons may incur significant out-of-pocket expenses with these providers. Charges in excess of the amount paid by the Plan are the Covered Person's responsibility.

PLAN means The Saudi Arabian Cultural Mission Student Health Plan.

PLAN ADMINISTRATOR means The Saudi Arabian Cultural Mission or its designee.

PLAN SPONSOR means The Saudi Arabian Cultural Mission.

PREFERRED PROVIDER means the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. The Plan offers the network of Preferred Providers which is known as: UnitedHealthcare Choice Plus PPO. The availability of specific providers is subject to change without notice. Covered Persons should always confirm that a Preferred Provider is participating at the time services are required by calling the Administrator at 1-800-767-0700 and/or by asking the provider when making an appointment for services.

SICKNESS means sickness or disease of the Covered Person which causes loss while the Covered Person is covered under this Plan. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this Plan's Effective Date will be considered a sickness under this Plan.

URGENT CARE CENTER means a facility that provides treatment required to prevent serious deterioration of the Covered Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

USUAL AND CUSTOMARY CHARGES means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality where service is rendered. The Administrator uses data from FAIR Health, Inc. valued at the 75th percentile to determine Usual and Customary Charges. No payment will be made under this Plan for any expenses incurred which in the judgment of the Administrator are in excess of Usual and Customary Charges.

Access your Dental ID Card

Your benefit plan includes Dental benefits administered by UHC Dental. If you are a new SACM member, you will receive a dental ID card in the mail. Continuously enrolled SACM members will use the dental ID card initially sent with their 2015 plan materials.

If you do not receive your Dental ID Card in the mail, please review your Personal Information in your UHCSR **My Account** to verify the information we have in our system. If we don't have your U. S. mailing address, be sure to update it in the SACM Database, through the Ministry of Higher Education student portal/Safeer as soon as possible. You will not be able to access your Dental ID Card online until we have a U.S. mailing address on file.

Once your U.S. Mailing address is updated within our system, your Dental ID Card will automatically be mailed to you at your U.S. address.

Upon receipt of your Dental ID Card, please go to www.myuhc.com and register so that you can access your Dental benefits, locate a dentist, request a replacement or print a temporary Dental ID Card. You may also access this link within UHCSR **My Account** on the ID Card and Dental Plan pages.

The screenshot shows the myuhc.com website interface. At the top right is the logo 'myuhc.com'. Below it is a dark blue header with the text 'Site Login'. Underneath are two input fields: 'Username' and 'Password'. To the right of the 'Password' field is a blue 'Login' button. Below the input fields is a link that says 'Forgot your username or password?'. Further down, there is a section titled 'Need a username and password?' with a sub-heading 'Get a username and password through our free registration process for people enrolled in a UnitedHealthcare plan'. Below this is a blue 'Register Now' button. At the bottom of the registration section, it says 'You must be 13 or older to register'.
