Notice Regarding Your Student Health Insurance Coverage

Your student health insurance coverage, offered by UnitedHealthcare Insurance Company, may not meet the minimum standards required by the health care reform law for restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are \$1.25 million for policy years before September 23, 2012; and \$2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions on annual dollar limits for student health insurance coverage are \$100,000 for policy years before September 23, 2012 and \$500,000 for policy years beginning on or after September 23, 2012 but before January 1, 2014. Your student health insurance coverage puts a policy year limit of \$500,000 that applies to the essential benefits provided in the Schedule of Benefits unless otherwise specified. If you have any questions or concerns about this notice, contact Customer Service at 1-800-767-0700. Be advised that you may be eligible for coverage under a group health plan of a parent's employer or under a parent's individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent's employer plan or the parent's individual health insurance issuer for more information.

Online Waiver/Enrollment Process

All F1 and J1 Visa status international undergraduate students are required to be enrolled in the Butler University sponsored Student Injury & Sickness insurance plan regardless of the number of credit hours taken.

All full-time degree-seeking domestic undergraduate students enrolled in 12 or more credits at Butler University are automatically enrolled in and billed for the Student Injury and Sickness Plan. Students who are currently enrolled in a health insurance plan of comparable coverage can elect to waive the Student Injury and Sickness Plan. Recognizing that health coverage may change, at the beginning of each academic year fulltime undergraduate students will be asked to provide proof of comparable coverage in order to waive the Student Injury and Sickness Plan.

Full-Time Undergraduate Online Enrollment / Waiver Process

To document proof of comparable coverage or enroll in the Student Health Insurance Plan an online waiver or enrollment form must be completed and submitted by established deadlines.

Instructions on how to access the online waiver system can be located at www.butler.edu/health-services/student-health-insurance/

The online process is the only accepted process for enrolling or waiving coverage.

Butler University reserves the right to audit and subsequently reject a waiver request. If it is determined that a student waived coverage with a health insurance plan that was not comparable coverage, the student will be automatically enrolled in the Student Injury and Sickness Plan, effective the date that the determination was made and there will be no prorata of premium. In the event students waive the Student Injury and Sickness Plan and then lose current coverage due to a qualifying event, (i.e. parent loss of coverage or the maximum age limit available is attained), students have the right to petition to add coverage within 31 days of the qualifying event. If the petition is received within 31 days of the qualifying event, there will be no break in coverage. For petitions received after the 31 days, the effective date of coverage will be the date that the petition is received. If approved, the premium will not be prorated.

Enrollment / Waiver Deadline

The deadline for full-time undergraduate students to complete an Online Enrollment or Waiver Form for annual coverage is August 28, 2013. The deadline for new spring full-time undergraduate students to complete an Online Enrollment or Waiver Form for spring coverage is January 31, 2014. The Online Enrollment / Waiver process is the only accepted process for making your insurance selection. **Students who do not submit the Online Enrollment or Waiver Form by the deadline will remain enrolled in and billed for the Student Injury and Sickness Plan.**

Eligibility

All registered International Undergraduates students taking credit hours are required to purchase this insurance Plan. All registered Domestic undergraduate students taking 12 or more credit hours are required to purchase this insurance, unless proof of comparable coverage is furnished.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who enroll may also insure their Dependents. Eligible Dependents are the student's spouse and dependent children under 26 years of age.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective & Termination Dates

The Master Policy on file at the University becomes effective at 12:01 a.m., August 15, 2013. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date application and full premium are received by the Company (or its authorized representative) whichever is later. The Master Policy terminates at 11:59 p.m., August 14, 2014. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits After Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit. After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Butler University Health Services (BUHS) Referral Required: Students Only

Definitions

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home, or an institution specializing in or primarily treating Mental Illness or Substance Use Disorder.

INJURY means bodily injury which is all of the following:

- 1) directly and independently caused by specific accidental contact with another body or object.
- 2) unrelated to any pathological, functional, or structural disorder.
- 3) a source of loss.
- 4) treated by a Physician within 30 days after the date of accident.
- 5) sustained while the Insured Person is covered under this policy. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity.

INPATIENT means an uninterrupted confinement that follows formal admission to a Hospital by reason of an Injury or Sickness for which benefits are payable under this policy.

MEDICAL EMERGENCY means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a reasonable person could believe this condition would result in any of the following:

- 1) Death.
- 2) Placement of the Insured's health in jeopardy.
- 3) Serious impairment of bodily functions.
- 4) Serious dysfunction of any body organ or part.
- 5) In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

MEDICAL NECESSITY means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

- 1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
- 2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
- 3) In accordance with the standards of good medical practice.
- 4) Not primarily for the convenience of the Insured, or the Insured's Physician.
- 5) The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

- 1) The Insured requires acute care as a bed patient.
- 2) The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

MENTAL ILLNESS means a psychiatric disorder that substantially disturbs an individual's thinking, feeling, or behavior and impairs the individual's ability to function and is listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

PRE-EXISTING CONDITION means: 1) the existence of symptoms which would cause an ordinarily prudent person to seek diagnosis, care or treatment within the 6 months immediately prior to the Insured's Effective Date under the policy; or, 2) any condition which originates, is diagnosed, treated or recommended for treatment within the 6 months immediately prior to the Insured's Effective Date under the policy.

SICKNESS means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy's Effective Date will be considered a sickness under this policy.

USUAL AND CUSTOMARY CHARGES means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.

Online Access to Account Information

UnitedHealthcare **StudentResources** Insureds have online access to claims status, EOBs, ID Cards, network providers, correspondence and coverage information by logging in to **My Account** at www.uhcsr.com/myaccount. Insured students who don't already have an online account may simply select the "create My Account Now" link. Follow the simple, onscreen directions to establish an online account in minutes using your 7-digit Insurance ID number or the email address on file.

As part of UnitedHealthcare **StudentResources'** environmental commitment to reducing waste, we've introduced a number of initiatives designed to preserve our precious resources while also protecting the security of a student's personal health information.

My Account has been enhanced to include *Message Center* - a self-service tool that provides a quick and easy way to view any email notifications we may have sent. In Message Center, notifications are securely sent directly to the Insured student's email address. If the Insured student prefers to receive paper copies, he or she may opt-out of electronic delivery by going into *My Email Preferences* and making the change there.

ID Cards

One way we are becoming greener is to no longer automatically mail out **ID Cards**. Instead, we will send an email notification when the digital ID card is available to be downloaded from **My Account**. An Insured student may also use **My Account** to request delivery of a permanent ID card through the mail. ID Cards may also be accessed via our mobile site at my.uhcsr.com.

UnitedHealth Allies

Insured students also have access to the UnitedHealth Allies® discount program. Simply log in to **My Account** as described above and select *UnitedHealth Allies Plan* to learn more about the discounts available. When the Medical ID card is viewed or printed, the UnitedHealth Allies card is also included. The UnitedHealth Allies Program is not insurance and is offered by UnitedHealth Allies, a UnitedHealth Group company.
