Eligibility

Undergraduate students enrolled for six (6) or more credit hours each semester and graduate students enrolled in three (3) or more credit hours are eligible to enroll in this insurance Plan. All full-time degree seeking international students with F1 or J1 visas are automatically enrolled in this insurance plan, unless proof of comparable coverage is furnished. Students enrolled in online classes, with a minimum of three (3) credit hours on campus are eligible to enroll in the plan. Eligible graduate students for the University of Utah subsidized graduate plan include research and teaching assistants.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse and dependent children under 26 years of age.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 16, 2014. The individual student’s coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 15, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

You must meet the Eligibility requirements each time you pay a premium to continue insurance coverage. To avoid a lapse in coverage, your premium must be received within 30 days after the coverage expiration date. It is the student’s responsibility to make timely premium payments to avoid a lapse in coverage.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable Short-Term Limited Duration Policy.

### Student Health Center (SHC)

**What:** The Student Health Center is a medical clinic located on campus. It specializes in college health issues and is designed specifically for students and their dependents. All students pay a health fee that helps support SHC and allows its charges to be 40-60% less than what a private provider will charge.

SHC makes every effort to have appointments available that are easily coordinated with classes, work and/or family schedules.

**Who:** SHC staff includes physicians and nurse practitioners who specialize in primary care, family medicine, and pediatrics.

**Services:** Most sicknesses, injuries and preventive care can be obtained at SHC. Sports medicine, women's, men's, and children's preventive health services, family planning, wellness exams, and minor injury treatment are among the many services available.

Radiology and laboratory services are also available onsite. Although not part of the Student Health Center, pharmacy services are available on the third floor of Madsen Clinics in the same building.

Other services available include: Travel vaccinations, childhood and adult immunizations, confidential HIV and STD testing and counseling, health promotion and education, stress and anxiety support, and pediatric and parenting services.

**Location:** The Student Health Center is located on campus in the basement of the Madsen Health Center (555 Foothill Drive) on the corner of Foothill Drive and Mario Capecchi Drive. Patient parking is available free of charge, or TRAX and the campus shuttle can be used to reach the clinic.

**Hours Open:**
- 7:30 a.m. – 5:00 p.m. Monday through Friday
- 9:00 a.m. – Noon Saturday
- During Fall and Spring semesters, Tuesday clinic hours are extended until 7:30 p.m.

**Hours Closed:**
- Every Wednesday from 12 noon until 2:00 p.m.
- All University of Utah holidays and University Closure Days.
- All Saturdays that fall before a Monday holiday, after a Friday holiday, and during breaks.

When the Student Health Center is closed, insured students are encouraged to call Collegiate Assistance Program, available 24/7, 365 days per year. The Collegiate Assistance Program phone number is posted on the insurance ID card. Calls will be answered by a registered nurse and provide guidance regarding treatment.
Appointments: Always recommended to ensure that you will be seen at a time that works with your schedule. If you call early in the day, you can usually get an appointment that afternoon. Every attempt is made to have “same day” or “next day” appointments available. For an appointment call (801) 581-6431.

Walk-ins: If you walk-in without an appointment, you will probably have to wait to talk with a nurse. If you are injured or are extremely sick, a nurse will work you into the provider schedule or refer you to the University Hospital Emergency Department.

Student Health Center (SHC) Referral Required

The student and Spouse/Dependents must use the services of the Health Center first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained will be paid at 55% of the benefits otherwise payable under the Schedule of Benefits. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:
1. Medical Emergency. The student must return to SHC for necessary follow-up care.
2. When the Student Health Center is closed.
3. Medical care received when the student is more than 25 miles from campus.
4. Maternity, obstetrical and gynecological care.
5. Mental Illness treatment and Substance Use Disorder treatment.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS**: The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS**: The patient, patient’s representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department’s voice mail after hours by calling 1-877-295-0720.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

University Health Sciences Center, University Hospital and Primary Children’s Medical Center and UnitedHealthcare Options PPO (In-Network).
The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-767-0700 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insureds responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

**Inpatient Expenses**

**PREFERRED PROVIDERS** - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. **OUT-OF-NETWORK PROVIDERS** - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Collegiate Assistance Program

Insured Students have access to nurse advice, health information, and counseling support 24 hours a day by dialing the number listed on the ID card. Collegiate Assistance Program is staffed by Registered Nurses and Licensed Clinicians who can help students determine if they need to seek medical care, need legal/financial advice or may need to talk to someone about everyday issues that can be overwhelming.

Online Access to Account Information

UnitedHealthcare StudentResources Insureds have online access to claims status, EOBs, ID Cards, network providers, correspondence and coverage information by logging in to My Account at www.uhcsr.com/myaccount. Insured students who don’t already have an online account may simply select the “create My Account Now” link. Follow the simple, onscreen directions to establish an online account in minutes using your 7-digit Insurance ID number or the email address on file.

As part of UnitedHealthcare StudentResources’ environmental commitment to reducing waste, we’ve adopted a number of initiatives designed to preserve our precious resources while also protecting the security of a student’s personal health information.

My Account now includes Message Center - a self-service tool that provides a quick and easy way to view any email notifications we may have sent. In Message Center, notifications are securely sent directly to the Insured student’s email address. If the Insured student prefers to receive paper copies, he or she may opt-out of electronic delivery by going into My Email Preferences and making the change there.

ID Cards

One way we are becoming greener is to no longer automatically mail out ID Cards. Instead, we will send an email notification when the digital ID card is available to be downloaded from My Account. An Insured student may also use My Account to request delivery of a permanent ID card through the mail.

UHCSR Mobile App

The UHCSR Mobile App is available for download from Google Play or Apple’s App Store. Features of the Mobile App include easy access to:

• ID Cards – view, save to your device, fax or email directly to your provider. Covered Dependents are also included.
• Provider Search – search for In-Network participating Healthcare or Mental Health providers, call the office or facility; view a map.
• Find My Claims – view claims received within the past 60 days for both the primary insured and covered dependents; includes Provider, date of service, status, claim amount and amount paid.

UnitedHealth Allies

Insured students also have access to the UnitedHealth Allies® discount program. Simply log in to My Account as described above and select UnitedHealth Allies Plan to learn more about the discounts available. When the Medical ID card is viewed or printed, the UnitedHealth Allies card is also included. The UnitedHealth Allies Program is not insurance and is offered by UnitedHealth Allies, a UnitedHealth Group company.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) the date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined
based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.
**Dental Services Deductible**

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

**Benefits**

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:
• For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
• For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:
• Necessary to meet the basic dental needs of the Insured Person.
• Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
• Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
• Consistent with the diagnosis of the condition.
• Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
• Demonstrated through prevailing peer-reviewed dental literature to be either:
  • Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  • Safe with promising efficacy
• For treating a life threatening dental disease or condition.
• Provided in a clinically controlled research setting.
• Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company’s reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:
• As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
• As reported by generally recognized professionals or publications.
• As utilized for Medicare.
• As determined by medical or dental staff and outside medical or dental consultants.
• Pursuant to other appropriate source or determination that the Company accepts.
