## Eligibility

---

All registered domestic students taking six or more credit hours or co-op students who are degree seeking are eligible to enroll in this insurance Plan.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or same-sex Domestic Partner and Dependent children under 26 years of age. An insured student may cover a newly acquired Dependent by completing the enrollment form and paying any premium due within 31 days of marriage, birth or other acquisition of a Dependent. See the Definitions section of the Brochure for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

**This plan is not an employer/employee plan or a group plan and is not meant to be a fully comprehensive plan. It is a blanket student plan and contains limited benefits.**

## Effective and Termination Dates

---

The Master Policy becomes effective at 12:01 a.m., August 6, 2014. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 5, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

## Extension of Benefits after Termination

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

## **Purdue University Student Health Center**

### **[www.purdue.edu/PUSH](http://www.purdue.edu/PUSH)**

---

The Purdue University Student Health Center (PUSH) provides outpatient care, excluding maternity (labs are available) and pediatric services, for Purdue University students and their spouses. Dependents are not eligible to receive Psychotherapy services at PUSH.

The Student Insurance Plan supplements the medical benefits provided by the Student Health Fee while at the Student Health Center, and also provides coverage in the local medical community and when away from campus.

#### **Procedure for Seeking Medical Treatment**

When on campus, if an Insured has an Injury or Sickness of a non-emergency nature (i.e., not life-threatening) he/she should use the Purdue University Student Health Center (PUSH) as the initial contact. Services rendered at PUSH are subject to a \$15 co-pay. PUSH services available to full-time students at no charge are not subject to the \$15 co-pay. A \$200 Deductible for Preferred Providers and a \$400 Deductible for Out-of-Network Providers will apply to all services outside PUSH with the following exception: if PUSH is closed and you are seeking treatment for a medical emergency (as defined by the Policy). For Medical Emergencies there is a \$50 Copay for Preferred Providers or a \$50 Deductible for Out-of-Network Providers (this Copay/deductible is in lieu of the Policy Deductible).

When seeking treatment outside of PUSH, students are encouraged by the University to utilize services provided by the UnitedHealthcare Choice Plus network of providers. The UnitedHealthcare Choice Plus network is available and may provide savings to insured students. To find out if there are hospitals or health care providers in your area who are part of the network, call the Company at 1-888-224-4754 or visit the website at [www.uhcsr.com/Purdue](http://www.uhcsr.com/Purdue).

#### **Preventive Care**

Preventive Care Services are available at PUSH as well as Preferred Providers. Please see the Schedule of Benefits for additional information.

#### **Purdue Pharmacy and Prescription Drug Information**

The Purdue University pharmacy is the preferred pharmacy of the Domestic Student Plan. Insured students and their insured dependents can have prescriptions filled at the pharmacy located in the RHPH building Room 118.

A \$10 Copay for generic and \$20 Copay for brand name applies to each covered prescription filled at the Purdue Pharmacy. When the Purdue Pharmacy is used, the plan will pay 100% above the \$10 generic and \$20 brand name Copay. When you do not use the Purdue Pharmacy, prescriptions must be filled at a UnitedHealthcare Network pharmacy.

#### **Pre-natal Vitamins**

Pre-natal vitamins are available at Purdue University Pharmacy. For additional information regarding Maternity Testing, please call the Company at 1-888-224-4754.

#### **Pediatric Care**

Pediatric Care is not provided at PUSH.

#### **Benefits for Diabetes**

Insulin pumps/supplies and glucometers are not available at the Purdue University Pharmacy. Please contact PUSH Student Insurance Office for more information.

#### **Benefits for Mental Illness**

Benefits will be paid the same as any other Sickness for the treatment of Mental Illness. Dependents are not eligible to receive Mental Illness Treatment services at PUSH.

Benefits shall be subject to all Deductible, Copayment, Coinsurance, limitations, or any other provisions of the policy.

## **Pre-Admission Notification**

---

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

## **Preferred Provider Information**

---

**"Preferred Providers"** are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-888-224-4754 and/or by asking the provider when making an appointment for services.

**"Preferred Allowance"** means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

**"Out-of-Network"** providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

### **Inpatient Expenses**

**PREFERRED PROVIDERS** – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-888-224-4754 for information about Preferred Hospitals.

**OUT-OF-NETWORK PROVIDERS** - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

### **Outpatient Hospital Expenses**

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

### **Professional & Other Expenses**

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

**Out-of-Pocket Maximum:** After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Covered Medical Expenses used to satisfy the Out-of-Pocket Maximum will be applied to both the Preferred Provider and Out-of-Network Out-of-Pocket Maximum. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum.

**Purdue Student Health Center Benefits:** The Deductible will be waived when treatment is rendered at the Purdue Student Health Center (PUSH) or for Medical Emergency when the PUSH is closed and Dependent children. University mandated vaccinations will be payable when services are rendered at PUSH.

The Co-payments for PUSH services are \$15 per visit. However, the Co-payments for PUSH services and Prescription Drugs do not apply toward the Deductible or Coinsurance provision.

Usual and Customary is based on FAIR Health, Inc. at the 75th percentile.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

2. At least one (1) prostate specific antigen test annually for an Insured who is less than fifty (50) years of age and who is at high risk for prostate cancer according to the most recent published guidelines of the American Cancer Society.

Benefits shall be subject to all Deductible, Copayment, Coinsurance, limitations, or any other provisions of the policy.

## Coordination of Benefits Provision

Benefits will be coordinated with any other eligible medical, surgical or hospital plan or coverage so that combined payments under all programs will not exceed 100% of allowable expenses incurred for covered services and supplies.

## Accidental Death Benefit

## Definitions

---

**ADOPTED CHILD** means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 30 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

**COINSURANCE** means the percentage of Covered Medical Expenses that the Company pays.

**COMPLICATION OF PREGNANCY** means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

**CONGENITAL CONDITION** means a medical condition or physical anomaly arising from a defect existing at birth.

**COPAY/COPAYMENT** means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

**COVERED MEDICAL EXPENSES** means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

**CUSTODIAL CARE** means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DAY HOSPITAL** means a facility that provides day rehabilitation services on an outpatient basis.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**DEPENDENT** means the legal spouse or Domestic Partner of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

- 1) Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
- 2) Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

**DOMESTIC PARTNER** means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; 3) is responsible with the Named Insured for each other's welfare; and 4) is the same sex as the Named Insured. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

**ELECTIVE SURGERY OR ELECTIVE TREATMENT** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**EMERGENCY SERVICES** means, with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and

**HABILITATIVE SERVICES** means outpatient occupational therapy, physical therapy and speech therapy prescribed by the Insured Person's treating Physician pursuant to a treatment plan to develop a function not currently present as a result of a congenital, genetic, or early acquired disorder.

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

**HOSPITAL** means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home, or an institution specializing in or primarily treating Mental Illness or Substance Use Disorder.

4. treated by a Physician within 30 days after the date of accident.
5. sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

**INPATIENT** means an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility by reason of an Injury or Sickness for which benefits are payable under this policy.

**INTENSIVE CARE** means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

1. Progressive care.

- 2) Placement of the Insured's health in jeopardy.
- 3) Serious impairment of bodily functions.
- 4) Serious dysfunction of any body organ or part.
- 5) In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

**MEDICAL NECESSITY/MEDICALLY NECESSARY** means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

1. Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.

3. In accordance with the standards of good medical practice.
4. Not primarily for the convenience of the Insured, or the Insured's Physician.
5. The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

**MENTAL ILLNESS** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

**NAMED INSURED** means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

**NEWBORN INFANT** means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

**OUT-OF-POCKET MAXIMUM** means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

**SUBSTANCE USE DISORDER** means a Sickness that is listed as an alcoholism and substance use disorder in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.

**URGENT CARE CENTER** means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

## **Pediatric Dental Services Benefits**

---

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

### **Section 1: Accessing Pediatric Dental Services**

#### **Network and Non-Network Benefits**

**Network Benefits** apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

**Non-Network Benefits** apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

#### **Covered Dental Services**

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

#### **Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

## Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

## Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

## Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

## **Section 5: Defined Terms for Pediatric Dental Services**

The following definitions are in addition to the policy DEFINITIONS:

**Covered Dental Service** – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Eligible Dental Expenses** - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

**Necessary** - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.

  - Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

**Usual and Customary Fee** - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.

- Updated the Adopted Child definition from: "**ADOPTED CHILD** means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered the earlier of: a) the date of placement for the purpose of adoption; or b) the date of the entry of an order granting the adoptive parent custody of the child for purposes of adoption. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first **30 days**. To continue the coverage the Insured must, within the **30 days** after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first **30 days** after the child's date of placement."
