## Introduction

---

This booklet contains the principal provisions of the Policy which has been issued to your University. A copy of that Policy is available for your review at the University. In the event of an inadvertent conflict between the Policy and this booklet, the Policy will prevail. In the event of an inadvertent conflict between the Policy and Federal or State law, the law will prevail.

The University requires that all eligible students be covered by health insurance and provides a Plan for which the fee is automatically assessed along with other applicable tuition and fees. Coverage under the Plan is worldwide. Plan benefits are explained in the following pages. Plan 1, Policy number 2015-1351-1, is applicable to undergraduate students and their Dependents only.

The operation of McKinley Health Center is NOT part of the Student Health Insurance Plan, therefore, it is not necessary to be seen or referred by a Health Center Physician in order to receive the benefits of the Student Health Insurance Plan. Referral from the McKinley Health Center does not ensure benefits will be paid.

## Undergraduate Fee/Premium per Semester

---

Student	\$286.00
Spouse of student*	\$272.00
Child or all children of student*	\$544.00

\*(student must also be insured)

The Summer Session is considered a semester; a full semester fee/premium is required regardless of the effective date of insurance for the Student or Dependents.

**NOTE:** The Student and Child or all children of student amounts stated above include certain fees charged by the school you are receiving coverage through. Such fees may, for example, cover your school's administrative costs associated with offering this health plan.

## 2015-2016 Important Dates and Deadlines

---

Deadlines are the dates by which exemptions, limited enrollment reinstatements or enrollment of Dependents must be accomplished. Students who late register will be given 14 calendar days, from the date of registration, to complete exemptions and applications for Dependent coverage.

	Fall Semester	Spring Semester	Summer Session
Semester Coverage Periods:	08/21/2015 - 01/16/2016	01/17/2016 - 05/15/2016	05/16/2016 - 08/20/2016
Enrollment/ Change Period:	08/19/2015 - 09/11/2015	01/15/2016 - 02/05/2016	05/13/2016 - 06/03/2016

Dependents acquired through marriage, civil union or birth, including an adopted child, after the above deadline dates may be added for coverage provided application and proper premium is received within thirty-one (31) days after the date of marriage or birth (if the 31 day period encompasses a change in semester, premium will be required for both semesters in order for coverage to be retroactive to the date of the event).

Dependents of international students arriving in the United States after the semester deadline dates may be added for coverage provided application and proper premium is received within thirty-one (31) days of arrival in the United States.

## Eligibility

---

Students of the University of Illinois who are enrolled, in attendance, and assessed all applicable fees are eligible for the Student Health Insurance Plan. The fee is automatically assessed along with other tuition and fees. Plan 1, Policy number 2015-1351-1, is applicable to undergraduate students and their Dependents only.

**Undergraduate students** (as defined herein) of the University of Illinois who are enrolled, in attendance, and assessed all applicable fees are eligible for the Student Health Insurance Plan.

**Dependents** (as defined herein) of an Insured are also eligible provided application for coverage is made during Enrollment Periods detailed below.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Accident coverage for Intercollegiate Sports injuries is provided under a separate policy number, 2015-1351-8.

## Enrollment Periods and Effective Dates

---

If Insured person, other than newborn, is an Inpatient in a healthcare facility on his/her Coverage Date, such person's Coverage Date will be the date of discharge.

Students assessed the insurance fee are automatically enrolled in this insurance Plan; no application is required and the effective date will be the beginning "Semester Coverage Period" date for the appropriate semester as herein.

### **Purchase of Insurance for spouse, civil union partner, Domestic Partner and/or children:**

Dependent (spouse, civil union partner, domestic partner and/or children) coverage must be applied for each semester during the Enrollment/Change period listed in the Important Dates and Deadlines section. Coverage shall take effect on the date of application and receipt of proper premium by UnitedHealthcare **StudentResources**, or the appropriate semester beginning date, whichever is later. Dependents insured for the prior semester will have no lapse in coverage provided application and premium is received by the appropriate semester deadline date.

Dependent coverage is available for dependents of students who enroll in the Student Health Insurance Plan. Rates and enrollment information for dependents can be found on-line at [www.uhcsr.com/myaccount](http://www.uhcsr.com/myaccount).

If both parents are Insured students, changing child coverage from one parent to the other will not result in a lapse in coverage so long as the application and premium are received by that semester's deadline date. If an individual ceases to be an eligible student but is the Dependent of an Insured student, enrollment for Dependent coverage will not result in a lapse in coverage so long as the application and premium are received by that semester's deadline date.

If an Insured student acquires a Dependent, through marriage, birth or adoption after the listed semester deadline dates, the Dependent is eligible for coverage on the date the Dependent was acquired so long as application and premium payment is made within thirty-one (31) days after the date the Dependent was acquired (if the 31-day period encompasses a change in semesters, premium will be required for both semesters in order for coverage to be retroactive to the date of the event).

## Exemption

---

Exemption from the insurance fee is granted when a student provides evidence of other health insurance coverage, which is in effect on or before the first day of a semester, and has benefits equivalent to or better than the University Plan. Acceptable evidence can be a schedule of benefits, certificate of coverage or a letter from employer or company certifying coverage for the students. International policies must be translated into English with monetary amounts presented in U.S. Dollars.

Petitions for Exemption may be submitted by completing the on-line Waiver request at <https://studentcenter.uhcsr.com/Illinois>. For deadline information, refer to the 2015-2016 Important Dates and Deadlines section on page 1. Exemptions need be requested only once per policy year. Following approval of waiver, exemptions will be in effect for current and subsequent semester(s) within policy year.

## Reinstatement

---

**Change of Status** Students exempt from the Student Injury and Sickness Insurance Plan who want to be reinstated to the Plan may apply by providing proof of loss of other insurance; i.e., notice of termination of insurance from the insurance company or employer, within sixty-three (63) days of such loss of other insurance by bringing in documentation to the Student Insurance Office in Urbana. Coverage is effective on the date of application or date of termination of other insurance whichever is later. Student must be registered and eligible to be assessed fee.

**Limited Enrollment** Students requesting reinstatement more than 63 days after the loss of other insurance, or if no loss of other coverage has occurred, must apply during the Enrollment/Change period of a semester they are eligible for coverage. Student must be registered and eligible to be assessed fee. Proof of loss should be taken to the Student Health Insurance office.

## Continuation of Coverage

---

### Graduating Students

Graduating students may elect to continue coverage for themselves and for Insured Dependents for up to the 90 day continuation period. Please refer to the continuation privilege section found on page 18 of this brochure for further details.

Application must be made and premium must be paid directly to UnitedHealthcare **StudentResources** and be received within 31 days after the expiration date of your student coverage. For further information on the Continuation privilege, please contact UnitedHealthcare **StudentResources**.

### Extension of Coverage for Continuing Students

---

Students who are not registered during a given semester may elect to extend their coverage during that semester, provided they were registered and enrolled in the coverage during the previous semester, and are returning the following semester.

### Termination of Insurance

---

The insurance of a student will terminate at 12:00 midnight (Central Standard Time) upon any of the following events, whichever shall first occur:

1. Failure to make premium payment.
2. Entry into the armed forces of any country. With respect to students, membership in the reserves with or without two consecutive full weeks of active training each year shall not be considered as entry into the armed forces.
3. Termination of membership in the class or classes eligible for insurance under this Plan:
  - With respect to students and Dependents, termination shall occur at the end of period for which premium has been paid. If premium for a specific semester is refunded, coverage for that semester is null and void.
  - With respect to Dependents, termination of membership shall occur upon ceasing to be a Dependent as defined.
  - With respect to Dependents reaching the limiting age, coverage will terminate on the first day of the next term.

Termination of a student's insurance shall immediately terminate the Dependents insurance. The discontinuance of the Plan shall immediately terminate all insurance hereunder. Such termination shall be without prejudice to any claim expense originating prior thereto. The discontinuance of any coverage provided hereunder shall immediately terminate the insurance of all Insured Persons with respect to the coverage discontinued except when the covered person is confined in the Hospital on the date coverage would otherwise terminate. In such cases, coverage will continue as described until date of discharge, but not more than ninety (90) days.

### Extension of Benefits after Termination

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access [www.uhcsr.com/illinois](http://www.uhcsr.com/illinois) or call 1-855-828-7716 for the most up-to-date tier status.

If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

**Designated Pharmacies** – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. 3. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven. This exclusion does not apply to drugs for the treatment of cancer that have not been approved by the Federal Food and Drug Administration for that indication, if the drug has been prescribed for the Insured Person who has cancer, provided the drug is recognized for treatment of the specific type of cancer for which the drug has been prescribed in any one of the following established reference compendia: (1) the American Hospital Formulary Service Drug Information; (2) National Comprehensive Cancer Network's Drugs & Biologics Compendium; (3) Thomson Micromedex's Drug Dex; (4) Elsevier Gold Standard's Clinical Pharmacology; (5) other authoritative compendia as identified from time to time by the Federal Secretary of Health and Human Service; or if not in the compendia, recommended for that particular type of cancer in formal clinical studies, the results of which have been published in at least two peer reviewed professional medical journals published in the United States or Great Britain.

5. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier-4.)
7. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
8. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury.
9. A Prescription Drug Product that contains (an) active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug Product.
10. A Prescription Drug Product that contains (an) active ingredient(s) which is (are) a modified version of and Therapeutically Equivalent to another covered Prescription Drug Product.

### **Definitions:**

**Brand-name** means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

**Chemically Equivalent** means when Prescription Drug Products contain the same active ingredient.

**Designated Pharmacy** means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

**Experimental or Investigational Services** means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

1. Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
2. Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.
3. The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

1. Clinical trials for which benefits are specifically provided for in the policy.
2. If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Unproven Services** means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

1. Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
2. Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

**Network Pharmacy** means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

**New Prescription Drug Product** means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31<sup>st</sup> of the following calendar year.

**Prescription Drug or Prescription Drug Product** means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

**Prescription Drug Cost** means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or call Customer Service at 1-855-828-7716.

**Prescription Drug List Management Committee** means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

**Specialty Prescription Drug Product** means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or call Customer Service at 1-855-828-7716.

**Therapeutically Equivalent** means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

**MEDICAL NECESSITY/MEDICALLY NECESSARY** means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

- 1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
- 2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
- 3) In accordance with the standards of good medical practice.
- 4) Not primarily for the convenience of the Insured, or the Insured's Physician.
- 5) The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

- 1) The Insured requires acute care as a bed patient.
- 2) The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

**MENTAL ILLNESS** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

**NAMED INSURED** means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

**NEWBORN INFANT** means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

**OUT-OF-POCKET MAXIMUM** means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

**PHYSICIAN** means a legally qualified licensed practitioner of the healing arts who provides care within the scope of his/her license, other than a member of the person's immediate family.

The term "member of the immediate family" means any person related to an Insured Person within the third degree by the laws of consanguinity or affinity.

**PHYSIOTHERAPY** means short-term outpatient rehabilitation therapies (including Habilitative Services) administered by a Physician.

**POLICY YEAR** means the period of time beginning on the policy Effective Date and ending on the policy Termination Date.

**PRESCRIPTION DRUGS** mean: 1) prescription legend drugs; 2) compound medications of which at least one ingredient is a prescription legend drug; 3) any other drugs which under the applicable state or federal law may be dispensed only upon written prescription of a Physician; and 4) injectable insulin.

**REGISTERED NURSE** means a professional nurse (R.N.) who is not a member of the Insured Person's immediate family.

**SICKNESS** means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy's Effective Date will be considered a sickness under this policy.

**SKILLED NURSING FACILITY** means a Hospital or nursing facility that is licensed and operated as required by law.

**SOUND, NATURAL TEETH** means natural teeth, the major portion of the individual tooth is present, regardless of fillings or caps; and is not carious, abscessed, or defective.

**SUBSTANCE USE DISORDER** means a Sickness that is listed as an alcoholism and substance use disorder in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.

**URGENT CARE CENTER** means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

**USUAL AND CUSTOMARY CHARGES** means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality where service is rendered. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.

## General Plan Provisions

---

These provisions are extracts from the Policy and apply to all insurance provided hereunder.

**Proof of Loss:** Written proof of loss must be furnished to the Company at its said office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

**Payment of Claims:** All or a portion of any indemnities provided by this policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

**Right of Reimbursement:** If an Insured Person incurs expenses for Sickness or an Injury that occurred due to the negligence of a third party:

- a) The Company has the right to reimbursement for all benefits paid by the Company from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the Insured Person, Insured Person's parents, if the Insured Person is a minor, or Insured Person's legal representative as a result of that Sickness or Injury.
- b) The Company is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits paid by the Company for that Sickness or Injury

The Company has the right to reimbursement out of all funds the Insured Person, the Insured Person's parents, if the Insured Person is a minor, or the Insured Person's legal representative, is or was able to obtain for the same expenses we have paid as a result of that Sickness or Injury.

You are required to furnish any information or assistance or provide any documents that we may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

**Legal Actions:** No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

**Subrogation:** Whenever this policy has paid benefits because of Sickness or an Injury to any Insured Person resulting from a third party's wrongful act or negligence, to the extent of such payment the Company shall reserve the right to assume the legal claim any Insured Person may have against that third party. This means that the Company may choose to take legal action against the negligent third party or their representatives and to recover from them the amount of claim benefits paid to the Insured Person for loss caused by the third party.

## **Claim Procedures for Injury and Sickness Benefits**

---

In the event of Injury or Sickness, students should:

1. Report to their Physician or Hospital.
2. Mail to the address below all medical and hospital bills along with the patient's name and insured student's name, address, SR ID number (insured's insurance company ID number) and name of the university under which the student is insured. A Company claim form is not required for filing a claim.
3. Submit claims for payment within 90 days after the date of service. If the Insured doesn't provide this information within one year of the date of service, benefits for that service may be denied at our discretion. This time limit does not apply if the Insured is legally incapacitated.

Submit the above information to the Company by mail:

UnitedHealthcare **StudentResources**  
P.O. Box 809025  
Dallas, TX 75380-9025

## **Pediatric Dental Services Benefits**

---

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

### **Section 1: Accessing Pediatric Dental Services**

#### **Network and Non-Network Benefits**

**Network Benefits** apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

**Non-Network Benefits** apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

## **Covered Dental Services**

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

### **Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

### **Pre-Authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

## **Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

### **Dental Services Deductible**

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.
