Eligibility

All registered International students and English Language Program students are required to purchase this insurance Plan, unless they provide proof of comparable coverage which meets University waiver requirements by established waiver deadlines. Eligible Dependents of International students enrolled in this insurance Plan are required to purchase this insurance Plan, unless proof of comparable coverage is furnished. All full-time Undergraduate and Graduate Students and Visiting Faculty/Scholars are eligible to enroll in this insurance Plan. Degree-seeking students taking online courses count toward the eligibility requirement that the Named Insured actively attend classes. Stand-Alone Repatriation/Medical Evacuation is available to eligible students who have met university waiver requirements with the exception of Medical Evacuation/Repatriation.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children under 26 years of age. See the Definitions section of the Brochure for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., September 1, 2016. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 31, 2017. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

You must meet the Eligibility requirements each time you pay a premium to continue insurance coverage. It is the student's responsibility to make timely premium payments to avoid a lapse in coverage.

Open enrollment end dates for 2016-2017 for voluntary students are: Annual/Fall - 9/30/2016; Winter - 1/30/2017; Winter/Summer - 1/30/17 and Summer - 5/30/2017.

Refunds of premiums are allowed only upon entry into the armed forces. The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Options PPO.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-767-0700 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

"Network Area" means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Options PPO United Behavioral Health (UBH) facilities. Call 1-800-767-0700 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Options PPO will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Out-of-Network Emergency Services

When Emergency Services for a Medical Emergency are provided by an Out-of-Network Provider, benefits will be subject to the same Copay or Coinsurance amounts that are applicable to Emergency Services provided by a Preferred Provider. Benefits for Emergency Services received from an Out of Network Provider will be paid at the greater of the following, excluding any Copays or Coinsurance that would have been imposed if the service had been received from a Preferred Provider: 1) the benefits specified in the Schedule of Benefits; 2) the Preferred Allowance negotiated with Preferred Providers (if there is more than one amount negotiated with Preferred Providers, the amount shall be the median of these negotiated amounts); 3) the amount payable calculated using the Company's Usual and Customary Charges; or 4) the amount that would be paid under Medicare (part A or part B of title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.) for the Emergency Service. Any other provisions of the policy that apply to cost-sharing for services received from an Out of Network Provider, such as the policy Deductible or Out-of-Pocket Maximum, will continue to apply to Emergency Services received from an Out-of-Network Provider.

Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Domestic Partner of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum

Any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this benefit applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.

 - Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.
