International students are automatically enrolled in this insurance Plan at registration, unless proof of comparable coverage is furnished. If the Company discovers the eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their eligible Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children. See the Definitions section of the Brochure for the specific requirements needed to meet Dependent and Domestic Partner eligibility.

Coverage availability is guaranteed for all individuals who meet the eligibility requirements.

The Master Policy terminates at 11:59 p.m., August 27, 2017. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS**: The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS**: The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission or as soon as reasonably possible to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Preferred Provider Information

Preferred Providers in the local school area are providers who are part of the network indicated on the Schedule of Benefits.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-866-782-4768 and/or by asking the provider when making an appointment for services.

Out-of-Network providers have not agreed to any prearranged fee schedules. Insured's may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

Regardless of the provider, each Insured is responsible for the payment of any Deductible shown in the Schedule of Benefits. The Deductible, if any, must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-866-782-4768 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by Preferred Providers will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Out-of-Network Emergency Services

When Emergency Services for a Medical Emergency are provided by an out-of-network provider, benefits will be subject to the same Copay or Coinsurance amounts that are applicable to Emergency Services provided by a Preferred Provider. Benefits for Emergency Services received from an out-of-network provider will be paid at the greater of the following, excluding any Copays or Coinsurance that would have been imposed if the service had been received from a Preferred Provider: 1) the benefits specified in the Schedule of Benefits; 2) the Preferred Allowance negotiated with Preferred Providers (if there is more than one amount negotiated with Preferred Providers, the amount shall be the median of these negotiated amounts); 3) the amount payable calculated using the Company's Usual and Customary Charges; or 4) the amount that would be paid under Medicare (part A or part B of title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.) for the Emergency Service. Any other provisions of the policy that apply to cost-sharing for services received from an out-of-network provider, such as the policy Deductible or Out-of-Pocket Maximum, will continue to apply to Emergency Services received from an out-of-network Provider.

The Insured Person is responsible for the balance of out-of-network charges remaining after the Company has paid any out-of-network provider.

There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments and/or Coinsurance. Your Copayment/Coinsurance is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access www.uhcsr.com or call 1-855-828-7716 for the most up-to-date tier status.

If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Designated Pharmacies – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Definitions:

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

1. Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
2. Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
3. The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

1. Clinical trials for which benefits are specifically provided for in the policy.
2. If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Unproven Services means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

1. Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
2. Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

Network Pharmacy means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Prescription Drug or Prescription Drug Product means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

Prescription Drug Cost means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

Prescription Drug List means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.uhcsr.com or call *Customer Service* at 1-855-828-7716.

Prescription Drug List Management Committee means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.uhcsr.com or call *Customer Service* at 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

Benefits shall be subject to all Deductible, Copayment, Coinsurance, limitations, or any other provisions of the policy.

BENEFITS FOR OFF LABEL USE OF PRESCRIPTION DRUGS

Benefits will be provided for any drug approved by the United States Food and Drug Administration, even though the drug has not been approved by the United States Food and Drug Administration for the treatment of the particular indication for which the drug has been prescribed, provided that the drug has been recognized as safe and effective for the treatment of that indication in one or more of the standard medical reference compendia adopted by the United States Department of Health and Human Services under 42 U.S.C. 1395x(t)(2), as amended, or in medical literature that meets the specific criteria listed below.

2. No article from a major peer-reviewed professional medical journal has concluded, based on scientific or medical criteria, that the drug is unsafe or ineffective or that the drug's safety and effectiveness cannot be determined for the treatment of the indication for which the drug has been prescribed. and
3. Each article meets the uniform requirements for manuscripts submitted to biomedical journals established by the International Committee of Medical Journal Editors or is published in a journal specified by the United States Department of Health and Human Services pursuant to section 186(t)(2)(B) of the Social Security Act 107 Stat. 591 (1993), 42 U. S. C. 1395x(t)(2)(B), as amended, as acceptable peer-reviewed medical literature.

Child Health Supervision Services covered by the Preventive Care Services Benefit and received from a Preferred Provider shall be covered with no cost share as referenced in the Preventive Care Services Benefit listed in the Schedule of Benefits.

Child Health Supervision Services not covered by the Preventive Care Services Benefit shall be subject to all Deductible, Copayment, Coinsurance, limitations, or any other provisions of the policy.

Coordination of this Contract's Benefits with Other Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.
When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

(1) The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses.

(2) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.

(3) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.

(4) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.

(5) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.

B. (1) Except as provided in Paragraph (2), a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.

D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
- If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
- However, if one spouse's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The **Plan** covering the **Custodial parent**;
- The **Plan** covering the spouse of the **Custodial parent**;
- The **Plan** covering the **non-custodial parent**; and then
- The **Plan** covering the spouse of the **non-custodial parent**

(c) For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

(4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D (1) can determine the order of benefits.

(5) Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of Plan. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. UnitedHealthcare may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. UnitedHealthcare need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give UnitedHealthcare any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, UnitedHealthcare may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. UnitedHealthcare will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by UnitedHealthcare is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Student Health Center (SHC) Referral Required

Students Only

The student should use the services of the Health Center first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Center for which no prior approval or referral is obtained will be subject to an additional $350 Deductible. A referral issued by the SHC must accompany the claim when submitted. Only one referral is required for each Injury or Sickness per Policy Year.

A SHC referral for outside care is not necessary only under any of the following conditions:

1. Medical Emergency. The student must return to SHC for necessary follow-up care.
2. When the Student Health Center is closed.
3. When service is rendered at another facility during break or vacation periods.
4. Medical care received when the student is more than 50 miles from campus.
5. Medical care obtained when a student is no longer able to use the SHC due to a change in student status.
6. Maternity, obstetrical and gynecological care.
7. Mental Illness treatment and Substance Use Disorder treatment.

Dependents are not eligible to use the SHC; and therefore, are exempt from the above limitations and requirements.

Definitions

ADOPTED OR FOSTER CHILD means the adopted child or foster child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted or foster child not more than 31 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

Benefits will also be provided for another child placed in court-ordered temporary or other custody of the Insured from the moment of placement.

When the policy includes Dependent coverage, the Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DAY HOSPITAL means a facility that provides day rehabilitation services on an outpatient basis.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means:

1. The legal spouse of the Named Insured.
2. The Domestic Partner of the Named Insured, if listed as a “Class of Person” to be insured as specified in the Policyholder Application.
3. Their dependent children.

Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

DOMESTIC PARTNER means a person who is neither married nor related by blood or marriage to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence and intends to do so indefinitely; and 3) is responsible with the Named Insured for each other's welfare. A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. EMERGENCY SERVICES means with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and
2. Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital.

9. Preventive wellness services and chronic disease management.
10. Pediatric services, including oral and vision care.

Essential health benefits shall be consistent with benefits set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.

HABILITATIVE SERVICES means health care services and devices that help a person keep, learn, or improve skills and functions for daily living when administered by a Physician pursuant to a treatment plan. Habilitative services include occupational therapy, physical therapy, speech therapy, and other services for people with disabilities.

Habilitative services do not include Elective Surgery or Elective Treatment or services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

INJURY means bodily injury which is all of the following:

1. Directly and independently caused by specific accidental contact with another body or object.
2. Unrelated to any pathological, functional, or structural disorder.
3. A source of loss.
4. Treated by a Physician within 30 days after the date of accident.
5. Sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

INPATIENT means an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility by reason of an Injury or Sickness for which benefits are payable under this policy.

INPATIENT REHABILITATION FACILITY means a long term acute inpatient rehabilitation center, a Hospital (or special unit of a Hospital designated as an inpatient rehabilitation facility) that provides rehabilitation health services on an Inpatient basis as authorized by law.

INSURED PERSON means: 1) the Named Insured; and when the policy includes Dependent coverage, 2) Dependents of the Named Insured, if: 1) the Dependent is properly enrolled in the program, and 2) the appropriate Dependent premium has been paid. The term "Insured" also means Insured Person.

INTENSIVE CARE means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

1. Progressive care.
2. Sub-acute intensive care.
3. Intermediate care units.
4. Private monitored rooms.
5. Observation units.
6. Other facilities which do not meet the standards for intensive care.

MEDICAL EMERGENCY means the occurrence of a medical condition that manifests itself by acute symptoms of sufficient severity, including severe pain that a prudent layperson with average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

1. Placement of the Insured's health in serious jeopardy.
2. Serious impairment of bodily functions.
3. Serious dysfunction of any body organ or part.
4. In the case of a pregnant woman, serious jeopardy to the health of the woman or her unborn child.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

MEDICAL NECESSITY/MEDICALLY NECESSARY means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

3. In accordance with the standards of good medical practice.
4. Not primarily for the convenience of the Insured, or the Insured's Physician.
5. The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

MENTAL ILLNESS means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

NAMED INSURED means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

NEWBORN INFANT means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

When the policy includes Dependent coverage, the Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. URGENT CARE CENTER means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services
Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Network Benefits

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary, the Network provider may charge the Insured. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

Out-of-Pocket Maximum

Any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this benefit applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).

Pediatric Vision Care Services Benefits

Benefits are provided for Vision Care Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-3242. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum

Any amount the Insured Person pays in Copayments for Vision Care Services under this section applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Policy Deductible

Benefits for pediatric Vision Care Services are not subject to any policy Deductible stated in the policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the policy Deductible stated in the policy Schedule of Benefits.

Benefit Description

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Benefits are provided for the Vision Care Services described below, subject to Frequency of Service limits and Copayments and Coinsurance stated under each Vision Care Service in the Schedule of Benefits below.
