Eligibility

Effective July 30, 2014, all newly admitted or re-admitted students who are enrolled at least half-time* in a degree-seeking program are required to purchase this plan unless proof of comparable coverage is provided. All International Students, including ELI, are also required to purchase this plan unless proof of comparable coverage is provided.

All other Domestic Undergraduate Students and Unsupported Graduate Students enrolled in 6 or more credit hours, Unsupported Graduate Students working on a dissertation, visiting Scholar Students and Post Doc Students are eligible to enroll in this insurance Plan. Study Abroad students are eligible to enroll in this insurance Plan.

University of Florida graduate students on an appointment as a pre-doctoral fellow may participate in the plan and have the individual premium paid by UF or supporting grant funds. To be eligible, University of Florida graduate students must be enrolled in a UF graduate degree program, on an appointment through University of Florida, appropriately registered and appointed as a pre-doctoral fellow. In order to ensure that pre-doctoral fellows meet the above eligibility criteria, departments must ensure the following:

The pre-doctoral fellowship appointment must occur via the Letter of Appointment (LOA) process in PeopleSoft, and all Letter of Appointment criteria met. The student receives a stipend as a bi-weekly paycheck from the appropriate UF account. The student receives a tuition waiver from the appropriate UF account

*Half time is defined as 6 eligible credit hours for undergrads and 5 eligible credit hours (3 credit hours during summer) for grad students including for post-candidacy doctoral students. This applies to both Domestic and International students.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the Policy Eligibility requirements have been met. If the Company discovers that the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students and Post Docs who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children under 26 years of age. The Named Insured may also cover a dependent child to the end of the year in which the Dependent reaches age 30 under certain circumstances. See the Definitions section of the Certificate for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 16, 2016. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 15, 2017. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

If paying premiums by session, coverage expires as follows:

Fall	8/16/2016	to	1/3/2017
Spring	1/4/2017	to	5/7/2017
Spring/Summer	1/4/2017	to	8/15/2017
Summer	5/8/2017	to	8/15/2017
Summer 1	6/26/2017	to	8/15/2017

You must meet the Eligibility requirements each time you pay a premium to continue insurance coverage. To avoid a lapse in coverage, your premium must be received within 14 days after the coverage expiration date. It is the student's responsibility to make timely premium payments to avoid a lapse in coverage.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

How to Enroll

There is an open enrollment period for the first 30 days of each semester. The 30-day period begins the first day of classes and ends 30 calendar days later.

If a student has a qualifying event, that student may be added to the Plan as of the date of the event. An example of a qualifying event would be loss of health coverage under another plan. Please note that the application for coverage due to a qualifying event and proof of the qualifying event must be submitted to the insurance company within 30 days of the qualifying event.

You may enroll by visiting UnitedHealthcare **StudentResources** website at www.uhcsr.com/uf and choosing the online enrollment feature, or you may visit www.uhcsr.com/uf and print off the enrollment card and mail it in to the address printed on the back of the enrollment card. You may only pay for your premium with a personal check or money order if you choose to mail in the enrollment form.

If you have any questions, please call UnitedHealthcare **StudentResources** at 1-800-996-4698.

After-hours Help Line: Students experiencing urgent, non-emergency medical concerns after-hours may call the SHCC at (352) 392-1161 for over-the-phone advice. The on-call medical provider can help students determine if they should seek medical treatment from a local facility right away, or if they can wait until regular business hours to be seen at the SHCC. IN ALL EMERGENCY SITUATIONS, CALL 911.

Accessing Services

Students with immediate medical concerns should call first for same-day appointments: (352) 392-1161. Students seeking an appointment for routine care may call or schedule online via the SHCC Web Portal: www.my.shcc.ufl.edu. NOTE: Students experiencing severe illness or injury during regular hours may come in directly for care in the Acute (Urgent) Care Clinic.

Students with chronic health conditions are encouraged to schedule an initial evaluation appointment and bring all pertinent medical records. If the condition requires specialty care, SHCC can assist the patient in finding a local provider to manage the condition.

Billing and Insurance:

When a student is sick or injured, paying for services is not always the first thing that is discussed. At the SHCC, the health fee covers patient financial responsibility associated with most office visits - for example, when a health care provider evaluates a sick patient but does not order any tests, procedures or prescriptions. NOTE: The health fee is an administrative fee paid as part of tuition that goes to many campus-wide health initiatives and does not cover all possible medical charges at the SHCC.

As a service to our patients, we will forward a claim to the commercial insurance carrier based on the information provided. It is very important to provide all related information such as policy number, group number and the correct mailing address for the insurance company. While staff is here to help, it is the patient's responsibility to know what their insurance policy covers - and the patient is ultimately liable for any charges not covered by insurance. Contact the insurance company in advance of care to learn about policy benefits in detail.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

However, if an Insured is pregnant on the Termination Date and the conception occurred while covered under this policy, Covered Medical Expenses for such pregnancy will continue to be paid through the term of the pregnancy.

However, if an Insured is receiving dental treatment on the Termination Date for a covered dental procedure, Covered Medical Expenses for such dental procedures will continue to be paid subject to all of the following:

1. The course of treatment or dental procedure were recommended in writing and commenced, in connection with a specific Injury or Sickness incurred while the policy was in effect, by the attending Physician or dentist to the Insured while the Insured was covered by the policy.
2. The dental procedures were procedures for other than routine examinations, prophylaxis, x-rays, sealants, or orthodontic services.
3. The dental procedures were performed within 90 days after the Insured's coverage ceased under the policy and the termination of coverage did not occur as a result of the Insured's, or in the case of a Dependent child, the child's parents voluntary termination of coverage.
4. The extension of benefits for dental procedures terminates upon the earlier of:
 - a. The end of the 90-day period specified in 3) above.
 - b. The date the Insured becomes covered under a succeeding policy providing coverage or services for similar dental procedures. If coverage or services for the dental procedures are excluded by the succeeding policy through the

use of an elimination period, the Insured is not covered by the succeeding policy and the extension of benefits does not terminate.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

- **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
- **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus and Shands Hospital & Physicians.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-996-4698 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insured's may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-996-4698 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus and Shands Hospital & Physicians will be paid at the Coinsurance percentages specified in the Schedule of Benefits, or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

The Preferred Providers for this plan are UnitedHealthcare Choice Plus and Shands Hospital & Physicians. Shands at Vista is a covered Psychiatric Hospital.

If care is received from a Preferred Provider, Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum.

The student and spouse/Dependents must use the services of the SHCC first where treatment will be administered or referral issued. Expenses incurred for medical treatment rendered outside of the Student Health Care Center for which no prior approval or referral is obtained are excluded from coverage. Dependent children under age 16 are not eligible to use the SHCC and are therefore exempt from the student health center referral requirement.

Student Health Center Benefits: The Deductible will be waived and benefits will be paid at 80% for Covered Medical Expenses incurred when treatment is rendered at the Student Health Care Center. SHCC utilizes the Florida Clinical Practice Associates Inc. (FPCA) for billing. SHCC Physician's Visits to be paid at 100%, based on approved Fee Schedule.

Dermatology Services: No SHCC Referral is required for the first 5 visits.

NOTE: No benefits will be paid for services designated as "No Benefits" in the Schedule.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access www.uhcsr.com/uf or call 1-855-828-7716 for the most up-to-date tier status.

2. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which is less than the minimum supply limit.
3. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven. This

exclusion does not apply to drugs prescribed for the treatment of cancer on the ground that the drug is not approved by the United States Food and Drug Administration for a particular indication, if that drug is recognized for treatment of that indication in a authoritative compendium identified by the Secretary of the United States Department of Health and Human Services and recognized by the federal Centers for Medicare and Medicaid, or in studies published in a United States peer-reviewed national professional journal.

4. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that the Company determines do not meet the definition of a Covered Medical Expense.
5. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. 7. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
8. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, except as required by state mandate.
9. A Prescription Drug Product that contains (an) active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug Product.

Definitions:

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- 1) Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- 2) Subject to review and approval by any institutional review board for the proposed use. Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.
- 3) The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- 1) Clinical trials for which benefits are specifically provided for in the policy.

- 2) If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Unproven Services means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

- 1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- 2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

Network Pharmacy means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Prescription Drug or Prescription Drug Product means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured reaches the age of 19 or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service

in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services:

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization:

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Dental Services Deductible:

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum

Any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this benefit applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Benefits:

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy:
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.
