2018–2019 Student Injury and Sickness Insurance Plan for University of Illinois at Urbana-Champaign Graduate Plan

Who is eligible to enroll?

Graduate students of the University of Illinois who are taking credit hours are automatically enrolled in this Health Insurance Program at registration, unless proof of comparable coverage is furnished.

Graduate students (as defined herein) of the University of Illinois who are enrolled, in attendance, and assessed all applicable fees are eligible for the Student Health Insurance Plan.

Dependents (as defined herein) of an Insured are also eligible provided application for coverage is made during Enrollment Periods detailed below.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse, civil union partner or Domestic Partner and dependent children under 26 years of age. See the Definitions section of this Certificate for the specific requirements needed to meet Domestic Partner eligibility.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse, civil union partner or a Domestic Partner who meets the specific requirements set forth in the Definitions section of this Certificate.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Enrollment Periods and Effective Dates

If Insured person, other than newborn, is an Inpatient in a healthcare facility on his/her Coverage Date, such person's Coverage Date will be the date of discharge.

Students assessed the insurance fee are automatically enrolled in this insurance plan; the effective date will be the beginning "Semester Coverage Period" date for the appropriate semester as herein.

Purchase of Insurance for spouse, civil union partner, Domestic Partner and/or children:

Dependent (spouse, civil union partner, Domestic Partner and/or children) coverage must be applied for each semester during the Enrollment/Change period listed in the Important Dates and Deadlines section. Coverage shall take effect on the date of application and receipt of proper premium by UnitedHealthcare **StudentResources**, or the appropriate semester beginning date, whichever is later. Dependents insured for the prior semester will have no lapse in coverage provided application and premium is received by the appropriate semester deadline date.

Dependent coverage is available for Dependents of students who enroll in the Student Injury and Sickness Insurance Plan. Rates and enrollment information for Dependents can be found on-line at www.uhcsr.com/myaccount.

If both parents are Insured students, changing child coverage from one parent to the other will not result in a lapse in coverage so long as the application and premium are received by that semester's deadline date. If an individual ceases to be an eligible student but is the Dependent of an Insured student, enrollment for Dependent coverage will not result in a lapse in coverage so long as the application and premium are received by that semester's deadline date.

If an Insured student acquires a Dependent, through marriage, birth or adoption after the listed semester deadline dates, the Dependent is eligible for coverage on the date the Dependent was acquired so long as application and premium payment is made within thirty-one (31) days after the date the Dependent was acquired (if the 31-day period encompasses a change in semesters, premium will be required for both semesters in order for coverage to be retroactive to the date of the event).

Exemption

Exemption from the insurance fee is granted when a student provides evidence of other health insurance coverage which has benefits equivalent to or better than the Student Injury and Sickness Insurance University Plan. The other coverage must be in effect on or before the first day of coverage of the Student Injury and Sickness Insurance University Plan. Acceptable evidence is a schedule of benefits and a certificate of coverage. International policies must be translated into English with monetary amounts presented in U.S. dollars.

To file for an Exemption students must complete the on-line Waiver request by going to www.si.illinois.edu, clicking on Opt Out and following the instructions. For date and deadline information, refer to the 2018-2019 Important Dates and Deadlines section on page 1. Exemptions need be requested only once per Policy Year. Following approval of waiver, exemptions will be in effect for the current and subsequent semester(s) within the academic/Policy Year.

Reinstatement

Change of Status Students exempt from the Student Injury and Sickness Insurance Plan who want to be reinstated to the Plan may apply by providing proof of loss of other insurance; i.e., notice of termination of insurance from the insurance company or employer, within sixty-three (63) days of such loss of other insurance by bringing in documentation to the Student Insurance Office in Urbana. Coverage is effective on the date of application or date of termination of other insurance whichever is later. Student must be registered and eligible to be assessed fee.

Limited Enrollment Students requesting reinstatement more than 63 days after the loss of other insurance, or if no loss of other coverage has occurred, must apply during the Enrollment/Change period of a semester they are eligible for coverage. Student must be registered and eligible to be assessed fee. Proof of loss should be taken to the Student Health Insurance office.

Extension of Coverage for Continuing Students

The insurance of a student will terminate at 12:00 midnight (Central Standard Time) upon any of the following events, whichever shall first occur:

1. Failure to make premium payment.
2. Entry into the armed forces of any country. With respect to students, membership in the reserves with or without two consecutive full weeks of active training each year shall not be considered as entry into the armed forces.
3. Termination of membership in the class or classes eligible for insurance under this Plan:
 - With respect to students and Dependents, termination shall occur at the end of period for which premium has been paid. If premium for a specific semester is refunded, coverage for that semester is null and void.
 - With respect to Dependents, termination of membership shall occur upon ceasing to be a Dependent as defined.
 - With respect to Dependents reaching the limiting age, coverage will terminate on the first day of the next term.

Termination of a student's insurance shall immediately terminate the Dependents insurance. The discontinuance of the Plan shall immediately terminate all insurance hereunder. Such termination shall be without prejudice to any claim expense originating prior thereto. The discontinuance of any coverage provided hereunder shall immediately terminate the insurance of all Insured Persons with respect to the coverage discontinued except when the covered person is confined in the Hospital on the date coverage would otherwise terminate. In such cases, coverage will continue as described until date of discharge, but not more than ninety (90) days.

HealthiestYou physicians are an independent network of doctors who advise, diagnose, and prescribe at their own discretion. HealthiestYou physicians provide cross coverage and operate subject to state regulations. Physicians in the independent network do not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. HealthiestYou does not guarantee that a prescription will be written. Services may vary by state.
