Introduction

Welcome to the UnitedHealthcare StudentResources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company (“the Company”).

The school (referred to as the “Policyholder”) has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or “PPO” plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan’s network of “Preferred Providers.” The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as “Out-of-Network Providers.” However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan’s web site at www.uhcsr.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-888-344-6104, toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-888-344-6104. The Insured can also write to the Company at www.customerservice@uhcsr.com or:

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy’s eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

Each student who is a graduate teaching assistant, graduate research assistant or graduate assistant holding a 50% appointment is eligible for an employer contribution toward the cost of coverage. The reduced premium rates for the graduate teaching, graduate research assistants and graduate assistants program reflects the cost to the student after the employer contribution has been made. **To enroll go to www.uhcsr.com/kbor, select your university, click on the link under the heading “GRA/GTA/GA Enrollment Instructions and follow the instructions, as applications are now submitted online. (For WSU students only: Complete the enrollment form and return it to the designated university contact. Your premium will be added to your student fee bill.)** The certificate can be accessed on the Kansas Board of Regents website: http://www.kansasregents.org/students/student_health_insurance. If you do not hold a qualifying 50% GTA, GRA and/or GA appointment, you may be eligible for other student insurance coverage. Information is available at the student health centers or online at www.uhcsr.com/kbor.

Please read the following carefully to understand your opportunities with respect to enrollment.

On or before August 1, certificates will be available online at www.uhcsr.com/kbor and select your school. Eligibility is verified by the university once the first step of the online application process is completed. **For WSU students only:** Eligibility will be verified prior to applications and premiums being sent to UnitedHealthcare **StudentResources**.

All applications with correct premium payments received within 31 days of the period effective date will be effective the first day of the period. For example: Applications and premium payments received August 1-August 31, 2017, will receive an effective date of August 1, 2017. For all other applications coverage will be effective the date the correct premium is received by the Company or representative of the Company or the effective date of the coverage period, whichever is later.

Eligibility to participate as a GTA/GRA/GA is determined by the university. Many unique situations may occur throughout the academic year related to enrollment as well as movement between the GTA/GRA/GA plan and the voluntary student health insurance program. See the designated contact for your university for assistance.

GTA/GRA/GA's with F-1 and J-1 visas are required to participate in this plan unless proof of other insurance is provided. The premium for coverage will be added to the tuition billing of those International Students attending Emporia State, Kansas State University, University of Kansas and Pittsburg State who do not show proof of comparable coverage that is accepted by the university.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age. Dependent Eligibility expires concurrently with that of the Insured student. Dependent coverage must be applied for by completing the online application (and for WSU students, filing out the enrollment card) and by paying the required premium. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student. Dependents that are not in the country at the time the student enrolls will be eligible to be enrolled in coverage within 30 days of entering the country.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file at the Kansas Board of Regents (KBOR) becomes effective at 12:01 a.m., August 1, 2017. Coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later, except as specified in Open Enrollment. .

The Master Policy terminates at 11:59 p.m., July 31, 2018. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

The Master Policy can be viewed at www.kansasregents.org/students/student_health_insurance.

You must meet the Eligibility requirements listed above each time you pay a premium to continue insurance

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 30 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 5: Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are members of the UnitedHealthcare Choice Plus PPO Network. Additionally, for Pittsburg State University students, Via Christi Hospital is a Preferred Provider.

The availability of specific providers is subject to change without notice. A list of Preferred Providers is located on the plan's web site at www.uhcsr.com/kbor. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
 - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.
- Group and nongroup insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.
- Nongroup insurance contracts issued on or after January 1, 2014.
- Nongroup coverage through closed panel plans issued on or after January 1, 2014.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
- Accident only coverage.
- Specified disease or specified accident coverage.
- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement policies.
- State Plans under Medicaid.
- A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.

3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
4. **Secondary Plan:** A Plan that is not the Primary Plan.
5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.

2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
- the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.
- The Plan of the parent not having custody of the child.
- Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.

5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
- First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 9: Definitions

ADOPTED CHILD means the adopted child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse of the Named Insured and their dependent children. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

MENTAL ILLNESS means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to the Company; and 2) pay the required additional premium, if any, for the continued coverage. If not excluded or defined elsewhere in the Policy, all alcoholism and substance use disorders are considered one Sickness.

URGENT CARE CENTER means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

TIME OF PAYMENT OF CLAIM: Indemnities payable under the Policy for any loss will be paid upon receipt of due written proof of such loss.

PAYMENT OF CLAIMS: All benefits are payable to the Insured, or to his designated beneficiary or beneficiaries, or to his estate, except that if the person insured be a minor, such benefits may be made payable to his parents, guardian, or other person actually supporting him. The Company has the right to secure a second opinion regarding treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of the Policy. Section 13: Notice of Appeal Rights

Internal Appeal Process

Within 180 days after receipt of a notice of an Adverse Determination, an Insured Person or an Authorized Representative may submit a written request for an Internal Review of an Adverse Determination.

Upon receipt of the request for an Internal Review, the Company shall provide the Insured Person with the name, address and telephone of the employee or department designated to coordinate the Internal Review for the Company. With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination.

Within 3 working days after receipt of the grievance, the Company shall provide notice that the Insured Person or Authorized Representative is entitled to:

1. Submit written comments, documents, records, and other material relating to the request for benefits to be considered when conducting the Internal Review; and
2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person's request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide, free of charge and as soon as possible:

1. Any new or additional evidence considered by the Company in connection with the grievance; and
2. Any new or additional rationale upon which the decision was based.

The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

The Company shall issue a Final Adverse Decision in writing or electronically to the Insured Person or the Authorized Representative as follows:

1. For a Prospective Review, the notice shall be made no later than 30 days after the Company's receipt of the grievance.
2. For a Retrospective Review, the notice shall be made no later than 60 days after the Company's receipt of the grievance.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.

The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
 - a. The date of service;
 - b. The name health care provider; and
 - c. The claim amount;
3. A statement that the diagnosis code and treatment code and their corresponding meanings shall be provided to the Insured Person or the Authorized Representative, upon request;
4. For an Internal Review decision that upholds the Company's original Adverse Determination:
 - a. The specific reason(s) for the Final Adverse Determination, including the denial code and its corresponding meaning, as well as a description of the Company's standard, if any, that was used in reaching the denial;
 - b. Reference to the specific Policy provisions upon which the determination is based;
 - c. A statement that the Insured Person is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Insured Person's benefit request;
 - d. If applicable, a statement that the Company relied upon a specific internal rule, guideline, protocol, or similar criterion and that a copy will be provided free of charge upon request;
 - e. If the Final Adverse Determination is based on a Medical Necessity or experimental or investigational treatment or similar exclusion or limitation, a statement that an explanation will be provided to the Insured Person free of charge upon request;
 - f. Instructions for requesting: (i) a copy of the rule, guideline, protocol or other similar criterion relied upon to make the Final Adverse Determination; and (ii) the written statement of the scientific or clinical rationale for the determination;
5. A description of the procedures for obtaining an External Independent Review of the Final Adverse Determination from the State Insurance Department;
6. The Insured Person's right to bring a civil action in a court of competent jurisdiction; and
7. Notice of the Insured Person's right to contact the commissioner's office or ombudsman's office for assistance with respect to any claim, grievance or appeal at any time.

Expedited Internal Review

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare **Student**Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company's receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file an Expedited External Review request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 60 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 120 days to request an External Independent Review. The request for an External Review should be made in writing to the Commissioner. Upon request of an External Review, the Commissioner shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

The Insured Person or Authorized Representative shall provide all information related to the Adverse Determination or Final Adverse Determination to the Commissioner, along with the completed appeal form and a fully executed release for the Commissioner to obtain any necessary medical records relevant to the review.

 3. If the SER is not complete, the Commissioner shall inform the Insured Person, and the Authorized Representative, if any, of the information or materials needed to make the request complete.
 4. If the SER request is not accepted, the Commissioner shall notify all parties of the reason(s) for non-acceptance.

Expedited External Review (EER) Process

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Commissioner at the time the Insured Person receives:
 - a. An Adverse Determination if:
 - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
 - The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - b. A Final Adverse Determination, if:
 - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.
2. Upon receipt of an EER request, the Commissioner shall immediately review the request to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided; and
 - b. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.
3. After accepting the EER request, the Commissioner shall immediately:
 - a. Assign an Independent Review Organization (IRO) from the Commissioner's approved list; and

APPEAL RIGHTS DEFINITIONS

For the purpose of this Notice of Appeal Rights, the following terms are defined as shown below:

1. A determination by the Company that, based upon the information provided, a request for benefits under the Policy does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, or is determined to be experimental or investigational, and the requested benefit is denied, reduced, in whole or in part, or terminated;
2. A denial, reduction, in whole or in part, or termination based on the Company's determination that the individual was not eligible for coverage under the Policy as an Insured Person;

 - a. A person authorized by law to provide substituted consent for an Insured Person; or
 - b. An Insured Person's family member or health care provider when the Insured Person is unable to provide consent.

If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

Preferred Providers in your local school area are members of the UnitedHealthcare Choice Plus PPO Network. Additionally, for Pittsburg State University students, Via Christi Hospital is a Preferred Provider.

The Company uses data from Fair Health, Inc. and/or Data iSight to determine Usual and Customary Charges. Usual and Customary Charges determined using Fair Health, Inc. will be calculated based on the 80th percentile of FAIR Health, Inc.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with Policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network Copays.

Student Health Center Benefits: The Deductible will be waived and benefits will be paid at 100% for Covered Medical Expenses incurred when treatment is rendered at the Student Health Center (SHC). POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call *Customer Service* at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for *Customer Service* is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or

Subject to review and approval by any institutional review board for the proposed use; or

The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or

Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this endorsement which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this endorsement.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after $\frac{3}{4}$ of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for Preventive Care Medications.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed, subject to its periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change, and therefore the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program through the Internet at www.uhcsr.com or by calling *Customer Service* 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product, or, for a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may determine whether a Network Pharmacy is a Preferred Specialty Network Pharmacy through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Notification Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to notify the Company or the Company's designee. The reason for notifying the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring notification are subject to Company periodic review and modification. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires notification through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not notify the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's selection of Network Pharmacies may be limited. If this happens, the Company may require the Insured to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the designated single Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will select a single Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on its behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others, therefore; a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

The Company may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com through the Internet or call *Customer Service* 1-855-828-7716 for the most up-to-date tier status.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured

should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, Medi-Span or First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

Network Pharmacy means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on the Company's behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by the Company's PDL Management Committee.
- December 31st of the following calendar year.

Non-Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a non-preferred pharmacy within the network.

Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a preferred pharmacy within the network.

Prescription Drug or Prescription Drug Product means a medication or product that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

- Inhalers.
- Insulin.
- The following diabetic supplies:
- standard insulin syringes with needles;

Prescription Drug List means a list that categorizes into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.uhcsr.com or call Customer Service 1-855-828-7716.

Prescription Drug List Management Committee means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

Prescription Order or Refill means the directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

Preventive Care Medications means the medications that are obtained at a Network Pharmacy with a Prescription Order or Refill from a Physician and that are payable at 100% of the Prescription Drug Charge (without application of any Copayment, Coinsurance, or Deductible) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.uhcsr.com or call Customer Service 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs Products have essentially the same efficacy and adverse effect profile.

Unproven Service(s) means services, including medications, that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.
